

Geography/History Walk 11-02-21.

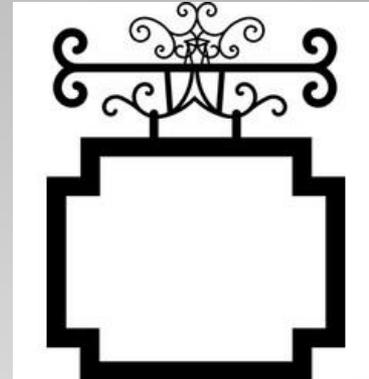

Find the Ordnance Survey Map of our local area that is in your geography pack. The route is shown on my enlarged map highlighted in pink. You will be following the map and answering questions on the way. You may need a magnifying glass as the words are quite small. Begin your walk outside the village shop.

Begin to walk up Church Lane.
What is the name of the public
house opposite the shop?

As you walk further up Church Lane the map
shows an area called ----- Green.
Follow the road around and go past the church.

What is the name of the first farm you pass on Church Lane after passing the Church, its name is shown on the OS Map?

What is the area you are walking through called on the map? Colt-----.

As you near the end of the flat part of Church Lane, before going down Stakebank there are three areas of woodland. What are these called?

- 1.
- 2.
- 3.

- **Local Walk Geography 11-02-21**
- The final part of the activity is left to your parents discretion, as to whether you go down the bank which is over the style at the top of Stakebank.(Not the style halfway down the bank). The style will be marked with a ribbon to identify it. Please be very careful if you descend the bank to go to the mystery site at the end of the walk. If you choose not to go down the bank please fill in the response sheet by doing online research.

When you have reached the top of Stakebank and you begin to descend, look for a style just off the road at the top of the bank. Climb over the style and carefully go down the bankside. After a short descent of about 15 metres look around the area you are in.

Can you find anything exciting?
Take photos and investigate
the area. Fill in the response sheet.
